

## **Aidan Claffey**

I have been fortunate enough to be an All Sports member of Elm Park since 1997, actively participating in all of the sporting clubs throughout these years. I have proudly represented the Club at senior level in Golf, Tennis, Snooker, and more recently Padel. In addition to any sporting accomplishments, I have also contributed to the Club's committees. I joined the Men's Golf Club Committee in 2014 and was appointed Competition Secretary in 2017, while also serving as the MGC representative on the Greens Committee during this period. I was a member of the Snooker Committee from 2011 to 2014, acting as its Chair in 2014. Most recently, I am serving on the fledgling Padel Committee in 2025.

In my professional career, I have been working in the Financial Services industry since 2008, building extensive experience across a variety of roles within the Funds sector. My career has involved managing teams across multiple locations, enhancing client service delivery, and driving strategic initiatives, including the introduction of automated innovations. I currently serve as Director of Investor Operations at a multinational Japanese bank, a Controlled Function position regulated under the Central Bank of Ireland's Fitness and Probity regime. This role requires both leadership capabilities and a commitment to maintaining the highest standards of governance and operational excellence.

My professional experience, combined with my long-standing involvement in the operations of Elm Park committees and my insight into all the sporting clubs over the years, provides me with an excellent platform to make a meaningful contribution to the Board of Management. I am confident that I can assist in shaping and driving the strategic direction of the Club as a whole, while ensuring that the interests of the sporting clubs remain at the core of its vision and activities.

## **Alan Haugh**

I am seeking re-election to the Board after completing a three-year term as a director of Elm Park Golf and Sports Club Limited

It has been an honour and a privilege to serve as Chair of the Board for the last two years and, if re-elected, I would look forward to continuing to serve the Club in this leadership role working with my colleagues on the Board to fulfil the Club's objectives.

I joined Elm Park in 1994 as a Tennis member and later served as Tennis Captain in 2005. I was also elected to Golf membership that year. My background includes a civil engineering degree, an MBA degree and senior management experience in the UK and Ireland with CRH plc and Grafton Group plc. More recently, I have held project director roles within the hospitality and construction sectors.

I have greatly valued my time on the Board and look forward to the opportunity to continue serving the Club in the years ahead.

**Why I am standing?** - For me, it's about giving something back to Elm Park! Our club is a special place, a community built on shared values, respect and proud traditions. If elected, I will work to ensure the Board provides a clear direction, financial stewardship and makes decisions that strengthen the club for everyone. I will focus on bringing our sporting clubs and activities together under a shared purpose, encouraging collaboration, so that every part of Elm Park feels valued and connected.

---

**My Elm Park experience** - I joined Elm Park in 1987 as Paddy Twohig's Captain's nominee and have since been privileged to serve as Chair of the Strategy Committee, helping to develop our 2026–2030 club strategy. I am also honoured to have been asked to become the next Master Harrier, a club with a rich history in Elm Park.

---

**What I will bring to the Board?** - I bring a deep understanding of Elm Park's strengths, challenges, and values. I have experience in strategy and economic policy development and having lived and worked in Europe and Africa gained global export experience, assisting Irish SMEs to grow at home and abroad.

---

**Finally** - I am standing to support our club through its next phase of growth, helping the Board in strategic, evidence-based decision-making. I would be honoured to have your vote in this election.
